

INVASION CAMPS

VolleyTots and Little Invaders are child development fitness fun programs designed to introduce kids ages 3-7 years to the sport of volleyball. VolleyTots and Little Invaders work to develop motor skills, hand-eye coordination and improve self-esteem, listening skills and teamwork. Most importantly the kids will have FUN while learning basic volleyball skills.

Junior Invaders is an introduction to general volleyball skills. This camp is designed to introduce and build solid fundamentals to players just starting out with the game of volleyball.

INVASION Volleyball Camps give athletes the tools necessary to become complete volleyball players. Emphasis is placed on learning what is required to grow mentally and physically as a volleyball player and athlete. It is our intention to provide not only quality instruction, but also an enjoyable volleyball experience.
